ALGAL DIVERSITY

Gihan El Shoubaky
Algal diversity
 Impact of Climate Changes and Anthropogenic
 Disturbances on El Arish Coast, North Sinai, Egypt

LAP Lambert Academic Publishing Nov 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x4 mm. Neuware - This book gives an idea about the impact of the climate changes and anthropogenic disturbances on the diversity of the marine flora. El Arish coast represented important part of Mediterranean Sea (northern of Sinai, Egypt). Climate changes attributed directly or indirectly to human activities as El-Arish power plant and El-Arish harbor in this area. The analyses by satellite from NOAA-AVHRR images between the year 2000...

Absolutely one of the best ebooks we have possibly gone through. I was able to comprehend everything using this published ebook. It has been developed in an extremely straightforward way and it is merely soon after I finished reading through this ebook where it basically transformed me, changing the way I really believe.
