THE ETHICS OF CREATIVITY

DOWNLOAD

Palgrave Macmillan. Paperback. Book Condition: New. Paperback. 344 pages. Dimensions: 8.4in. x 5.4in. x 0.9in. What effect does creativity have on individuals, groups and societies, and on the fundamental values on which they base their actions and institutions? What constitutes good and evil, right and wrong, and how does creativity disrupt these beliefs? The Ethics of Creativity brings together an impressive collaboration of thinkers from several countries and disciplines to illuminate the thorny issues that arise when novel ideas and products brought forth by creativity collide with the rules and norms of what we believe to be right or good. This book tackles questions of why most people claim to love creativity yet, in practice, may quash creative intentions, how creative innovations can create new ethical problems, when creativity and ethics tend to coincide and when they tend to conflict, and how both creativity and ethics might be harnessed to support a brighter future for all. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
