Paperback. Book Condition: New. Paperback. 194 pages. Praise for LT. COMMANDER MOLLIE SANDERS -- (a lieutenant commander in the U. S. Navy is equivalent to a major in the U. S. Army): This book is certainly full of action, a page turner, most entertaining and a quick read. --Joan A. Adamak While much of the story line about the lead character, Lt. Cdr. Sanders, stretches reality a little, its fun reading. One of my favorite authors, James Patterson, stretches reality as well. As an X-Air Craft Carrier based veteran, I found the story fast moving and entertaining. --Brad Nelson Lt. Commander Mollie Sanders is a great read. She embodies the traits of Ziva of NCIS fame. A strong woman operating in a mans world. I cant wait for another book extolling the exploits of Mollie Sanders. --William G. Knapp For those who love sea adventures (including submarines) and technothrillers: Lt. Commander Mollie Sanders is a U. S. Navy officer who has striven to be the best even if it earns her enemies. A graduate of the Naval Academy, she is an electronic weapons officer tasked with coming up with new weapon designs. When she gets assigned to an aircraft carrier as a Navy fighter pilots backseater, a missile attack on her plane leads to a mission to try to save the port of Los Angeles from a suspected terrorist attack. She must channel her overwhelming competitive drive in order to work as a team with other Navy personnel and the Coast Guards to find a needle in a haystack. From there a twist in the mission takes her to Alaska, where the anti-missile defense site may have been compromised. Next she bulldozes her way into being the first female assigned to a sub smaller than a boomer. She wants to be the one...
