Brand New Book ***** Print on Demand *****.A provocative account of the development of modern national culture in India using classical music as a case study. Janaki Bakhle demonstrates how the emergence of an Indian cultural tradition reflected colonial and exclusionary practices, particularly the exclusion of Muslims by the Brahmanic elite, which occurred despite the fact that Muslims were the major practitioners of the Indian music that was installed as a Hindu national tradition. This book lays bare how a nation's imaginings-from politics to culture-reflect rather than transform societal divisions.
