*****.Spiritual and religious leaders, politicians and scientists, economists and the common man are finally all in agreement about something: Humanity is on the brink of great change!

Transhuman Generations by Joshua Free is the third revolutionary and controversial installment in The Right Way to Life for the Next Generation (NexGen) Systemology-101 Series! Not only is the generational program that humans operate on the verge of cyclic renewal, but the completion of a greater cycle is also taking place: the operating system of the human being - meaning the genetic coding of the species that processes the programs of existence - is also on the verge of some manner of upgrade, which, if not left to external machines, should be nourished for self-actualization and evolved to handle more advanced new-paradigm parameters for what is possible as reality. Transhuman Generations is not a forecast of some inevitable doom , nor does it follow the extreme views of those who have contributed to its ideas concerning right or wrong . This discourse is written for the explicit purposes...
