Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Russian Empire and Czarism Among the many benefits o scientific invention is the machinery by which nations are enabled to convey to each other their warmest sentiments at the moment of conception, correction of error in the making, remonstrance against hurt planned in ignorance, warning as stern as may be needed against intentional or unregarded injury, confession of resentful suspicion in themselves, detection of unjust suspicion in their neighbours, and such friendly observations as occur to lookers on at dangerous games. How much the world would gain by the interchange of such admonitory and advisory criticism if only guided wisely, and scanned by its recipients with the attention that seamen give to the portents of varying weather. The truth is, however, that such criticism is seldom guided wisely and never scanned with the seaman s earnest but cool and unoffended regard. Nor are all times good for its delivery or its reception. Unhappily, the most inopportune time is that when it should be most serviceable. The world being at peace and the nation in a fairway of ease and prosperity, the truest and sharpest recital of our faults, even those that are dangerous to ourselves alone, fails of its due effect. Attention it may gain, but only the attention of complacency. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
